LIBRARY SERVICES FOR FACULTY

LIBRARIANS & STAFF AT MOUNT ALLISON UNIVERSITY’S LIBRARIES & ARCHIVES ARE HERE TO HELP YOU. OUR SUBJECT LIBRARIANS WILL TEACH CLASSES ON LIBRARY AND SCHOLARLY RESEARCH, ORDER RESOURCES FOR YOU AND YOUR STUDENTS, AND MORE. PLEASE VISIT US, CALL OR EMAIL.

LIAISON LIBRARIANS AND ARCHIVIST

Each subject area has a dedicated librarian who selects library resources, provides subject-specific research help, and can work with you to build library resources around your areas of study and teaching. For a list of our subject librarians and their contact information, please see the Contact Us link on our website.

CLASSES FOR STUDENTS

Librarians and the archivist are happy to give research classes tailored to your assignments and courses. We can walk students through the steps of effectively finding, evaluating, citing and using information and scholarly resources. We can provide sessions in our handson teaching lab, come to your classes, or arrange something outside of class time.

COURSE RESERVES

Placing books or other items on Reserve ensures all students have access to materials required for your courses. Place items on reserve by talking to our Access Services staff or by completing a web form on our “Services for Faculty” page.

NEW BOOKS, JOURNALS, DATABASES

We welcome your suggestions for new materials. The library collection’s main function is to support the curriculum. Let us know what your students are exploring and we’ll look for materials to support those topics. We will also do our best to meet your research needs.

INTERLIBRARY LOANS

If you or your students need materials not available in our library, let us know. We’ll do our best to find a library that has the material and get it to you quickly. Stop by the library or fill out our interlibrary loan form online.

INTRO TO NEW RESOURCES

The world of electronic resources is ever-changing. If you would like to learn more about a new resource or feature, or would simply like a refresher, please feel free to contact a librarian or the archivist.

HELP FOR THESIS STUDENTS AND INDEPENDENT STUDIES

Send your students our way. We’re happy to discuss their projects. We can help students with search strategies and specialized resources, and we can suggest relevant sources that can enhance their work.

FACULTY PUBLICATIONS, OPEN ACCESS & THE INSTITUTIONAL REPOSITORY

We encourage you to submit print copies of your scholarly work to the library for cataloguing. Faculty publications are stored in our university archives. We are also developing an Institutional Repository (IR) to make Open Access articles by faculty easy to find and preserve. Please contact David Mawhinney, Archivist, or Elizabeth Stregger, Data & Digital Services Librarian, if you would like to discuss Open Access publishing or submitting your work to the university’s IR.

PLEASE VISIT US ONLINE, OR STOP BY THE LIBRARY. WE LOOK FORWARD TO HEARING FROM YOU.
